FOREWORD.

IN presenting this little hand-book we have no apology to offer, for it has been apparent for a long time that a complete register of the Medical, Dental and kindred professions, together with such other matter as pertain to them, was very much needed in this city and vicinity. In this book we have tried to meet that want as far as possible. All sources have been canvassed for information and every part of the book is original compilation. We have included digests of the various laws relating to the practice of Medicine, Dentistry and Pharmacy. These laws have been so abbreviated that the vital parts are prominently set forth. If any omissions occur we can offer as an excuse only the inability of our canvassers to find, after repeated attempts, the ones omitted.

Our patrons will aid the work by notifying us of any changes in residence or office so that we can send each year to the subscribers of "The Red Book" these addenda, thereby keeping the register perfect.

We trust that this little book will be the means of forming pleasant relations between the Medical and Dental professions and ourselves.

Very grateful to you for your courtesies, we beg to remain,

Yours truly,

COMPILER'S PREFACE.

The Compiler herewith presents to the Medical, Dental, Pharmaceutical and kindred professions of Cleveland and Vicinity the result of over eight months' persistent, conscientious and harassing labor, in the hope that he has accomplished what he started out to do—the compilation of one of the most comprehensive and useful books of its kind ever published. Although, in so doing, he has sacrificed time and recreation and profit, he will consider himself repaid if he receives the commendation of the professions interested.

The Compiler also desires to return his thanks to the members of the professions, and others, who have rendered him valuable assistance, not the least among whom is Mr. Geo. W. Johnston, who was placed in charge of the typographical part of the work.

With the exception of the changes resulting from the recent elections, the data has been revised up to the first of April, and in the arrangement the alphabetical order is followed throughout, as far as possible, both as to general and sub-departments and as to individual entries. The latter are as full as the information obtained permitted, every person's information being entered in full, regardless of patronage. The only real "break" in the alphabetical arrangement occurs in the Cleveland Street Directory in the failure to properly place after East Madison av the following streets, inserted at the end of the "E" streets: East Prospect, Edgehil[1] rd, Edgewood pl, Edwards av and Eldridge av.

All Changes, Errors, Additions, etc., will be found in the Addenda, Pages

It may be well to add, in conclusion, that the *true* Directory is sui generis, having its own field of usefulness, as well as its limitations. It is neither a homily on morals nor a disquisition on etiquette, professional or otherwise. It is truly and essentially democratic. In its columns no distinction of race, nationality, religion, previous condition, etc., is made. Side by side appear the names and data of prince and pauper, Dives and Lazarus, saint and sinner! The *true* Directory man knows neither prejudice against nor favoritism for any person or institution. He is the incarnation of Justice, and, with the impartiality of the ideal jurist, metes out equal representation to all, granting to his bitterest enemy the rights that he would ask for himself.

DIGESTS OF STATE LAWS.

STATE MEDICAL LAW.

SECTION 4403*a*. Whoever shall make, issue, or publish, for purpose of sale, barter, or gift, any certificate, diploma, or other writing or document falsely representing the holder or receiver thereof to be a graduate of any medical school, or college, or of any educational institution of medicine whatsoever, and entitled to the powers, privileges, or degrees thereby pretended to be conferred; or whoever shall sell, or otherwise dispose of, or offer to do so, any such diploma, certificate, writing, or document containing the false representation aforesaid; or whoever shall use his name, or permit the same to be used, as a subscriber, for any purpose or in any capacity, to such false and fictitious diploma, certificate, writing, or document aforesaid, upon conviction thereof, shall be subject to the penalty prescribed in section 4403.

SEC. 4403*b*. Whoever shall make, issue, or publish, or cause to be made, issued, or published, for the purpose of sale, barter, or gift, any diploma, certificate, or writing representing the holder thereof to be a graduate of any medical school, or college, or of any educational institution of medicine whatsoever, unless such holder shall have, in fact, attended a complete course of instruction in such school, college, or institution for medical teaching, which course shall be equal to the average course of instructions in other schools, colleges, or institutions, where the various branches of medicine are taught as a science, in good standing in the state of Ohio, upon conviction thereof, shall be fined in any sum not exceeding one thousand dollars, nor less than one hundred dollars, or imprisoned in the penitentiary not more than three years, nor less than one year, or both, at the discretion of the court.

SEC. 4403*c*. No person shall practice medicine, surgery, or midwifery, in any of its branches, in this state, without first complying with the requirements of this act. If a graduate in medicine or surgery, he shall, either personally, or by letter or proxy, present his diploma to the State Board of Medical Regis tration and Examination for verification. Accompanying such diploma the applicant shall file his affidavit, duly attested, stating that the applicant is the person named in the diploma and is the lawful possessor of the same, and giving his age and the time spent in the study of medicine. If the board shall find the diploma to be genuine, and from a legally chartered medical institution in good standing, as determined by the board,

and the person named therein be the person holding and presenting the same, the board shall issue its certificate to that effect, signed by its president and secretary; which when left with the probate judge for record as hereinafter required, shall be conclusive evidence that its owner is entitled to practice medicine or surgery in this state. If a legal practitioner of medicine under the laws of Ohio in force at the time of the passage of this act, but not a graduate of medicine or surgery, as above defined, he shall, either personally, or by letter or proxy, furnish the board an affidavit, duly attested, stating the period during whieh and the places at which he has been engaged in the practice of medicine or surgery. If the board is satisfied from the affidavit and other information received that the applicant was a legal practitioner of medicine in Ohio at the time of the passage of this act, it shall issue its certificate to that effect, which, when left with the probate judge for record, shall be conclusive evidence that its owner is entitled to practice medicine or surgery in this state.

If engaged in the practice of medicine in this state at the time of the passage of this act, but not a legal practitioner under the laws in force at such time, nor a graduate in medicine or surgery as above defined, he shall present himself before the board and submit to such examination as to his qnalification for the practice of medicine or surgery as the board may require. If such applicant passes an examination satisfactory to the board, the board shall issue its certificate to that effect, which, when left with the probate judge for record, shall entitle the owner to practice medicine or surgery in Ohio for a period of one year next ensuing from the date thereof.

The board may refuse to grant a certificate to any person guilty of felony or gross immorality, or addicted to the liquor or drug habit to such a degree as to render him unfit to practice medicine or surgery; and may after notice and hearing, revoke a certificate for like cause. An appeal may be taken from the action of the board refusing to grant or revoking a certificate for such cause, to the governor and attorney-general, and the decision of which officers, either affirming or overruling the action of the state board shall be final.

The fee for a certificate issued upon the verifiation of a diploma or to a legal practitioner as above defined, shall be five dollars. For the examination of an applicant, the fee shall be twenty-five dollars. In the latter case the fee shall not be returned in the event of a failure, but the applicant may, within a year after such failure, present himself and be ex-

amined again without the payment of an additional fee. All fees shall be paid in advance to the treasurer of the board.

SEC. 4403*d*. The person receiving a certificate to practice medicine or surgery under section 4403*c* shall, before entering upon the practice, leave his certificate with the probate judge of the county in which he resides, for record. The probate judge shall record the same in a book to be kept for that purpose, and endorse on the margin of the record, and on the certificate the time he received the same for record, and make a proper index to all certificates by him recorded.

Between the first and thirty-first days of December in each year, the probate judge shall furnish the secretary of the state board a list of all certificates recorded and in force, and also a list of all certificates which have been revoked or the owners of which have removed from the county or died during the preceding year

In case of a change of residence, the owner of a certificate shall have the same recorded anew by the probate judge of the county into which he removes. For services under this section the probate judge shall receive the following fees: For recording and indexing each certificate, fifty cents, and for certified copies, the same fees as are allowed by law for certificates or records kept by the probate judge, to be paid by the holder of the certificate.

SEC. 4403*e*. Every person practicing midwifery in this state at the time of the passage of this act, shall within 90 days thereafter file with the probate judge of the county in which she resides, an affidavit duly attested, giving her name, age, residence, the length of time during which, and the place or places at which she has been engaged in said practice, and the special education, if any, which she has received to fit her for such practice. Thereupon, upon the payment of a fee of $5 (50 cents of which the probate judge shall retain as his own fee, and the balance remit to the treasurer of the State Board of Registration and Examination) the probate judge shall issue a certificate, upon a blank form furnished by the state board, which shall entitle the applicant and holder to practice midwifery in this state. Such certificate shall be recorded by the probate judge, and in case of a transfer of residence, again recorded in the county to which the midwife removes, as provided by section 4403*d*, regulating the record of physicians' certificates. The probate judge shall annually, between the 1st and 31st days of December, furnish the secretary of the state board a list of all such certificates issued and in force, and also a list of all such certificates which have been revoked or the owners of which have removed from the county, or died during the year. All persons desiring, after the passage of this act, to enter upon the practice of midwifery in this state, shall appear before the state board and submit to such examination in midwifery as the board shall require. If the applicant passes a satisfactory examination, the board shall, upon the payment of a fee of $10, issue its certificate to that effect, which, when filed with the probate judge for record, as provided in section 4403*d*, shall entitle the owner and holder thereof to practice midwifery in this state. A certificate to practice midwifery may be refused or revoked for the same cause and in the same manner as provided in section 4403*c* in the case of certificate to physicians and surgeons. The certificate granted to practice midwifery shall not give the holder the right to perform version, or treat breech or face presentation, or do any obstetric operation requiring instruments, or treat any other abnormal condition, except in emergencies.

SEC. 4403*f*. Any person shall be regarded as practicing medicine or surgery within the meaning of this act, who shall append the letters M.D. or M. B. to his name, or for a fee prescribe, direct or recommend for the use of any person, any drug or medicine or any other agency for the treatment, care or relief of any wound, fracture or bodily injury, infirmity or disease; provided, however, that nothing in this act shall be construed to prohibit service in case of emergency, or the domestic administration of

family remedies; and this act shall not apply to any commissioned medical officer of the United States army, navy or marine hospital service in the discharge of his professional duties, nor to any legally qualified dentist when engaged exclusively in the practice of dentistry, nor to any physician or surgeon from another state or territory, who is a legal practitioner of medicine and surgery in the state or territory in which he resides, when in actual consultation with a legal practitioner of the state, nor to any physician or surgeon residing on the border of a neighboring state, and duly authorized under the laws thereof to practice medicine or surgery therein, whose practice extends into the limits of this state; providing that such practitioner shall not open an office or appoint a place to meet patients or receive calls, within the limits of this state.

Sec. 4403*g*. Any person practicing medicine or surgery as defined in section 4403*f* in this state, without having first complied with the provisions of sections 4403*c* and 4403*d*, except as herein provided, shall be deemed guilty of a misdemeanor, and shall be fined not less than $20 nor more than $500, or be imprisoned in the county jail not less than 30 days, nor more than one year, or both. Any person practicing midwifery in this state without having complied with the provisions of section 4403*e*, except therein provided, shall be deemed guilty of a misdemeanor, and fined not less than $25 nor more than $100. Any person who shall file, or attempt to file as his, the medical diploma or certificate to practice of another, or shall file or attempt to file a false forged affidavit of his identity, or shall willfully swear falsely to any question which may be propounded to him on his medical examination, or to any affidavit required to be made or filed by him, with the State Board of Medical Registration and Examination shall be guilty of felony and be imprisoned in the penitentiary not more than 5 years, nor less than 1 year. Such fines when collected shall be paid one-third to the person, corporation or medical society making the complaint or furnishing the information, one-third to the poor fund of the county, and one-third to the State Board of Medical Registration and Examination. The secretary of the State Board of Medical Registration and Examination is charged with the duty of enforcing this act. If he have knowledge or notice that the act has been or is being violated, he shall investigate the matter, and upon probable cause appearing, shall file a complaint and prosecute the offender. It shall be the duty of the prosecuting attorney, when requested by such secretary, to take charge of and conduct such prosecutions.

STATE DENTAL LAW.

From and after July 4, 1892, it shall be unlawful for any person to practice dentistry in this State unless such person shall have first obtained a certificate of qualification issued by the State Board of Dental Examiners of this State. * * * Sec. 4404.

Any and all persons who shall desire to practice dentistry in this State after July 4, 1892, except such persons as have been regularly, since July 4, 1889, engaged in the practice of dentistry in this State, or who may hold, or who may hereafter obtain diplomas from any reputable dental college, shall file application in writing with the Secretary of Board of Dental Examiners for examination and license, and at time of making such application shall pay to the secretary of said board a fee of ten (10) dollars, and each applicant shall present himself before said board at its first regular meeting after filing his application for examination by said board. * * * * All persons successfully passing such examinations, or who may legally hold diplomas from any reputable college of the United States, or any foreign country, or who may have been regularly, since July 4, 1889, engaged in the practice of dentistry in this State, of good moral character, shall be registered and licensed by said board of dentists. * * * *

Every person receiving such a certificate of registration and license as dentist shall, before engaging in the practice of dentistry in this State, place and retain in place, while engaged in the practice of dentistry in this State, such certificate of registration and license in a conspicuous position at his place of business, in such manner as to be easily seen and read.

Every person who may legally hold a diploma from any dental college in the United States or any foreign country, or who has been regularly, since July 4, 1889, engaged in the practice of dentistry in this State, shall, upon application and payment of a fee of two (2) dollars to the Secretary of the Board of Dental Examiners, and producing satisfactory and reasonable proof of the fact that he holds such diploma, or has been so engaged in the practice of dentistry in this State since July 4, 1889, receive a license and certificate of registration to practice dentistry in this State. * * * * This certificate of the Secretary of said Board of Dental Examiners, under

the seal of said board, stating that any person is a registered and licensed dentist, shall be prima facie evidence that such person is entitled to practice dentistry in this State.

All persons shall be said to be practicing dentistry * * * who shall for a fee paid or to be paid * * * * perform dental operations of any kind, treat diseases or lesions of human teeth or jaws, or attempt to correct mal-positions thereof. * * * *

Any person who shall knowingly or falsely claim or pretend to have or hold a certificate of registration, or who shall falsely and with intent to deceive the public, claim or pretend to be a registered and licensed dentist, not being such a registered or licensed dentist, shall be deemed guilty of a misdemeanor, and shall be liable to the penalties provided in this act.

The penalties are:—A fine of not less than twenty-five or more than one hundred dollars, or imprisonment for not less than ten days or more than one month in the county jail, or both.

STATE PHARMACY LAW

Enacted April 21st, 1898.

Who may retail drugs; compound prescriptions; proviso.

Sec. 4405. It shall be unlawful for any person not a legally registered pharmacist, to open, or conduct, any pharmacy, or retail drug or chemical store, either as proprietor or manager thereof, unless he shall have in his employ and place in charge of such pharmacy, or store, a legally registered pharmacist under the laws of this state. It shall be unlawful for any person, not a legally registered pharmacist, to compound, dispense, or sell, any such drug, chemical, poison, or pharmaceutical preparation, upon the prescription of a physician, or otherwise; provided, however, that a legally registered assistant pharmacist may compound, dispense, or sell, any such drug, chemical, poison, or pharmaceutical preparation when employed in a pharmacy or drug store which is under the supervision, management and control of a legally registered pharmacist. Provided, also, that nothing in this section shall apply to, or in any manner interfere with the business of a physician, or prevent him from supplying to his patients such medicines as to him may seem proper; nor with the making or

vending of patent or proprietary medicines by any retail dealer; nor with the selling by any person of copperas, borax, blue vitriol, saltpeter, sulphur, brimstone, licorice, sage, juniper berries, senna leaves, castor oil, sweet oil, spirits of turpentine, glycerine, glauber's salt, cream of tartar, or bi-carbonate of sodium; or prohibit any person from selling paregoric, essence of peppermint, essence of cinnamon, essence of ginger, hive syrup, syrup of ipecac, tincture of arnica, syrup of tolu, syrup of squills, spirits of camphor, number six, sweet spirits of nitre, compound cathartic pills, quinine pills, and other similar preparations when compounded by a legally registered pharmacist and put up in bottles and boxes bearing the label of such pharmacist or wholesale druggist, with the name of the article and directions for its use on each bottle or box; nor with the exclusively wholesale business of any dealer.

* * * *

Registered pharmacists and assistants, entitled to renewal certificates.

Sec. 4407. Every person now registered as a pharmacist or assistant pharmacist under the laws of this state, shall be entitled to continue in the practice of his profession until his certificate of registration shall expire. Every registered pharmacist or assistant pharmacist, who desires to continue the practice of his profession in this state, shall, within thirty days next preceding the expiration of his certificate, file with the State Board of Pharmacy an application for a renewal thereof. If the Board shall find that the applicant has been legally registered in this state, and is entitled to a renewal certificate, it shall issue to him a certificate, duly signed by its President and Secretary. If a registered pharmacist or assistant pharmacist fail, for a period of sixty days after the expiration of his certificate, to make application to the Board for a renewal certificate, such person in order to again be registered, shall be required to proceed as in the case of original registration.

* * * *

Registered pharmacists of other states; how registered.

Sec. 4409. The Ohio Board of Pharmacy may register as pharmacists without examination, and issue certificates of such registration, to persons who are legally registered as pharmacists and hold certificates of such registration under the laws

of any other State, upon the following conditions: Each applicant for such registration shall have attained the age of twenty-one years, and be registered after examination in the State from which he holds his certificate. The standard of qualification and requirement as to competency in any State shall be at least as thorough as that established by the Board of Pharmacy of this State. The Board shall only recognize certificates of registration granted by States wherein like recognition is given to persons resident of this State and holding certificates from the Board of Pharmacy thereof.

Period for which certificates may be granted; revocation of certificate for cause.

Sec. 4410. Every certificate, and every renewal certificate issued by the Ohio Board of Pharmacy, shall entitle the person to whom it is granted to practice the profession of a pharmacist or assistant pharmacist for the period of three years. The Board may refuse to grant a certificate to any person guilty of felony or gross immorality, or addicted to the liquor or drug habit to such a degree as to render him unfit to practice pharmacy; and may after notice and hearing, revoke a certificate for like cause, or for fraud in procuring the certificate. An appeal may be taken from the action of the Board refusing to grant or revoking a certificate for such cause, to the Governor and Attorney General, and the decision of which officers, either affirming or overruling the action of the Board shall be final. Every certificate of registration and renewal certificate, shall be conspicuously exposed in the pharmacy or drug store of which the pharmacist or assistant pharmacist, to whom it is issued is the owner or manager, or in which he is employed.

Fees to be charged; where deposited.

Sec. 4411. The Board shall charge and collect for the issuing and registration of certificates, the following fees: For the examination of an applicant for a certificate as a pharmacist, five dollars; for the examination of an applicant for a certificate as an assistant pharmacist, three dollars. In case any applicant fails to pass the examination, the fee shall not be returned to him, but he may, within a year after such failure, present himself and be examined again without the payment of an additional fee. For issuing a renewal certificate to a pharmacist, two dollars; for issuing a renewal certificate to an assistant pharmacist, one dollar. For issuing a certificate

to a pharmacist on presentation of a certificate granted by another State, fifteen dollars. All fees shall be paid in advance to the Treasurer of the Board, and by him covered into the State Treasury monthly, to the credit of a fund, which is hereby appropriated for the use of the Ohio Board of Pharmacy. The compensation and expenses of the members and officers of the Board, and all expenses proper and necessary in the opinion of the Board to discharge its duties under and enforce the law, shall be paid out of said fund upon the warrant of the Auditor of State, issued upon a requisition signed by the President and Secretary of the Board.

Penalties.

Sec. 4412. If any person violates any of the provisions of section 4405, he shall be deemed guilty of a misdemeanor, and on conviction, shall be fined not less than twenty dollars nor more than one hundred dollars, or be imprisoned not less than twenty days nor more than one hundred days, or both. Each day that any person violates any provision of the above named section shall constitute a separate offence. If any person shall file with the Ohio Board of Pharmacy any false or forged affidavit, or shall make under oath any false statement with the intent to secure for himself, or for another person, any certificate of registration, or a renewal thereof, he shall be deemed guilty of a felony, and on conviction, shall be punished as provided by law. Whoever, being a registered pharmacist, or assistant pharmacist, fails to display in a conspicuous place his certificate of registration as required by section 4410, shall be deemed guilty of a misdemeanor, and on conviction, shall be fined not less than five dollars, nor more than twenty dollars, and each day's violation of this provision of the last named section shall constitute a separate offense. The Secretary of the Ohio Board of Pharmacy is charged with the duty of enforcing the laws relating to the practice of pharmacy. If he have any information that any provision of the law has been or is being violated, he shall investigate the matter, and upon probable cause appearing, shall file a complaint and prosecute the offender. It shall be the duty of the Prosecuting Attorney, when requested by such Secretary, to take charge of and conduct such prosecutions. All fines assessed and collected under prosecutions begun or caused to be begun by the Ohio Board of Pharmacy, shall be paid to the Treasurer thereof, and by him covered into the State Treasury monthly, to be credited to the fund for the use of the Ohio Board of Pharmacy.

POISON LAW

Whoever sells or gives away any quantity of arsenic less than one pound, without first mixing therewith soot or indigo in the proportion of one ounce of soot, or half an ounce of indigo to the pound of arsenic, or except upon the prescription of a physician, sells or gives away any quanity of any article belonging to the class usually denominated poisons, to any minor, or sells or gives away any such article to any person, without having first marked the word "poison" upon the label or wrapper containing the same, and registered in a book to be by him kept for that purpose, the day and date upon which it is sold or given away, the quantity thereof, the name, age, sex and color of person obtaining the same, the purpose for which it is required, and the name and place of abode of the person for whom the same is intended, shall be fined not more than $200 nor less than $20.

LABEL LAW

Section 1. Whenever any pharmacist,druggist or other dealer in poisons, chemicals, medicines and drugs, whether wholesale or retail, shall sell any drug or chemical, an indiscriminate or careless use of which would be destructive of human life, such dealer shall affix to each bottle or package of such drug, chemical or poison, a label printed in red ink, having on it the name of the article by which it is commonly known, the cautionary emblem of the skull and cross-bones, the words "caution and poison," and in addition thereto at least two of the most readily obtainable effective antidotes to such poisonous article.

Sec. 2. Whoever violates the provisions of section one of this act shall upon conviction thereof, before any court having competent jurisdiction, be fined in any sum not exceeding $100 nor less than $10.

MORPHINE LAW

Section 1. It shall not be lawful for any person, other than a wholesale druggist or other dealer in drugs and medicines, to sell or offer for sale at wholesale, or for any person other than a registered pharmacist or a registered assistant pharmacist, to sell or offer for sale at retail morphine or any of its salts, in this state, and it shall not be lawful for such person to sell or offer for sale, morphine or any of its salts, in any bottle, vial, envelope or other package, unless the same shall be wrapped

in a scarlet paper or envelope, and all bottles or vials used for the above purpose shall contain not more than one drachm each, and shall have in addition to said scarlet wrapper a scarlet label lettered in white letters, and the same must be upon both vial and wrapper, when vials are used, plainly naming the contents of said bottle; and further, that no person shall have the right to change any preparation of morphine from its original package to any other receptacle whatever for the purpose of retailing or dispensing therefrom, but it must be retailed or dispensed only from the original package with scarlet wrapper and scarlet label as aforesaid.

Sec. 2. Any one violating the provisions of the above section shall be guilty of a misdemeanor, and on conviction thereof shall be fined not less than $10 or more than $50, at the discretion of the court, for each and every violation of the preceding section.

Digests of the National Codes of Ethics.

CODE OF ETHICS OF THE AMERICAN MEDICAL ASSOCIATION.

DUTIES OF PHYSICIANS TO THEIR PATIENTS.

SECTION 1. A physician should not only be ever ready to obey the calls of the sick, but his mind ought also to be imbued with the greatness of his mission, and the responsibility he habitually incurs in its discharge. These obligations are the more deep and enduring because there is no tribunal, other than his own conscience, to adjudge penalties for carelessness or neglect. Physicians should therefore minister to the sick with due impressions of the importance of their office; reflecting that the ease, the health, and the lives of those committed to their charge depend on their skill, attention, and fidelity. They should study, also, in their deportment, to unite *tenderness* with *firmness*, and *condescension* with *authority*, so as to inspire the minds of their patients with gratitude, respect, and confidence.

SEC. 2. Every case committed to the charge of a physician should be treated with attention, steadiness, and humanity. Reasonable indulgence should be granted to the mental imbecility and caprices of the sick. Secrecy and delicacy, when required by peculiar circumstances, should be strictly observed; and the familiar and confidential intercourse to which physicians are admitted in their professional visits should be used with discretion, and with the most scrupulous regard to fidelity and honor. The obligation of secrecy extends beyond the period of professional service; none of the privacies of personal and domestic life, no infirmity of disposition or flaw of character, observed during professional attendance, should ever be divulged by the physician, except when he is imperatively required to do so. The force and necessity of this obligation are indeed so great that professional men have, under certain cir-

cumstances, been protected in their observance of secrecy by courts of justice.

Sec. 3. Frequent visits to the sick are, in general, requisite, since they enable the physician to arrive at a more perfect knowledge of the disease, to meet promptly every change which may occur, and also to preserve the confidence of the patient. But unnecessary visits are to be avoided, as they give useless anxiety to the patient, tend to diminish the authority of the physician, and render him liable to be suspected of interested motives.

Sec. 5. A physician ought not abandon a patient because the case is deemed incurable; for his attendance may continue to be highly useful to the patient, and comforting to the relatives around him, even in the last period of fatal malady, by alleviating pain and other symptoms, and by soothing mental anguish. To decline attendance under such circumstances would be sacrificing to fanciful delicacy and mistaken liberality that moral duty which is independent of and far superior to all pecuniary considerations.

Sec. 6. Consultations should be promoted in difficult or protracted cases, as they give rise to confidence, energy, and more enlarged views in practice.

Sec. 7. The opportunity which a physician not unfrequently enjoys of promoting and strengthening the good resolutions of his patients, suffering under the consequences of vicious conduct, ought never to be neglected. His counsels, or even remonstrances, will give satisfaction, not offense, if they be proffered with politeness, and evince a genuine love of virtue, accompanied by a sincere interest in the welfare of the person to whom they are addressed.

OF THE DUTIES OF PHYSICIANS TO EACH OTHER, AND TO THE PROFESSION AT LARGE.

Article I.—Duties for the Support of Professional Character.

Section. 1. Every individual, on entering the profession, as he becomes thereby entitled to all its privileges and immunities, incurs an obligation to exert his best abilities to maintain its dignity and honor, to exalt its standing, and to extend the bounds of its usefulness. He should, therefore, observe strictly such laws as are instituted for the government of its members; should avoid all contumelious and sarcastic remarks relative to the faculty, as a body; and while, by unwearied diligence, he resorts to every honorable means of enriching the science, he should entertain a due respect for his seniors,

who have, by their labors, brought it to the elevated condition in which he finds it.

Sec. 4. It is derogatory to the dignity of the profession to resort to public advertisements, or private cards, or handbills, inviting the attention of individuals affected with particular diseases, publicly offering advice and medicine to the poor gratis, or promising radical cures; or to publish cases and operations in the daily prints, or to suffer such publications to be made; to invite laymen to be present at operations; to boast of cures and remedies; to adduce certificates of skill and success; or to perform any other similar acts. These are the ordinary practices of empirics, and are highly reprehensible in a regular physician.

Art. II.—Professional Services of Physicians to each other.

Section 1. All practitioners of medicine, their wives, and their children, while under the parental care, are entitled to the gratuitous services of any one or more of the faculty residing near them, whose assistance may be required. A physician afflicted with disease is usually an incompetent judge of his own case; and the natural anxiety and solicitude which he experiences at the sickness of a wife, a child, or any one who by the ties of consanguinity is rendered peculiarly dear to him, tend to obscure his judgment, and produce timidity and irresolution in his practice. Under such circumstances, medical men are peculiarly dependent upon each other, and kind offices and professional aid should always be cheerfully and gratuitously afforded.

Art. IV.—Of the Duties of Physicians in Regard to Consultation.

Section 1. In consultations, no rivalship or jealousy should be indulged; candor, probity, and all due respect should be exercised toward the physician having charge of the case.

Sec. 2. In consultation the attending physician should be the first to propose the necessary questions to the sick; after which the consulting physician shall have the opportunity to make such further inquiries of the patient as may be necessary to satisfy him of the true character of the case. Both physicians should then retire to a private place for deliberation, and the one first in attendance should communicate the directions agreed upon to the patient or his friends, as well as any opinions which it may be thought proper to express. But no statement or discussion of it should take place before the

patient or his friends, except in the presence of all the faculty attending, and by their common consent, and no *opinions* or *prognostications* should be delivered which are not the result of previous deliberation and concurrence.

SEC. 3. In consultation, the physician in attendance should deliver his opinion first; and when there are several consulting, they should deliver their opinions in the order in which they have been called in. No decision, however, should restrain the attending physician from making such variations in the mode of treatment as any subsequent unexpected change in the character of the case may demand. But such variation, and the reason for it, ought to be carefully detailed at the next meeting in consultation. The same privilege belongs also to the consulting physician, if he is sent for in an emergency, when the regular attendant is out of the way, and similar explanations must be made at the next consultation.

SEC. 6. All discussion in consultation should be held as secret and confidential. Neither by words nor manner should any of the parties to a consultation assert or insinuate that any part of the treatment pursued did not receive his assent. The responsibility must be equally divided between the medical attendants; they must equally share the credit of success, as well as the blame of failure.

SEC. 7. As circumstances sometimes occur to render a *special consultation* desirable when the continued attendance of two physicians might be objectionable to the patient, the member of the faculty whose assistance is required in such cases should sedulously guard against all future unsolicited attendance. As such consultations require an extraordinary portion both of time and attention, at least a double honorarium may be reasonably expected.

Art. V.—Duties of Physicians in Cases of Interference.

SECTION 1. Medicine is a liberal profession, and those admitted to its ranks should found their expectations of practice upon the extent of their qualifications, not on intrigue or artifice.

SEC. 2. A physician in his intercourse with a patient under the care of another practitioner should observe the strictest caution and reserve. No meddling inquiries should be made, no disingenuous hints given relative to the nature and treatment of his disorder; nor any course of conduct pursued that may directly or indirectly tend to diminish the trust reposed in the physician employed.

Sec. 3. The same circumspection and reserve should be observed when, from motives of business or friendship, a physician is prompted to visit an individual who is under the direction of another practitioner. Indeed, such visits should be avoided, except under peculiar circumstances; and when they are made, no particular inquiries should be instituted relative to the nature of the disease or the remedies employed; but the topics of conversation should be as foreign to the case as circumstances will admit.

Sec. 4. A physician ought not to take charge of or prescribe for a patient who has recently been under the care of another member of the faculty in the same illness, except in cases of sudden emergency, or in consultation with the physician previously in attendance, or when the latter has relinquished the case, or been regularly notified that his services are no longer desired. Under such circumstances no unjust or illiberal insinuations should be thrown out in relation to the conduct or practice previously pursued, which should be justified as far as candor and regard for truth and probity will permit; for it often happens that patients become dissatisfied when they do not experience immediate relief, and as many diseases are naturally protracted, the want of success in the first stage of treatment affords no evidence of a lack of professional knowledge and skill.

Sec. 5. When a physician is called to an urgent case because the family attendant is not at hand, he ought, unless his assistance in consultation is desired, to resign the care of the patient to the latter immediately upon his arrival.

Sec. 6. It often happens in cases of sudden illness or of recent accidents or injuries, owing to the alarm and anxiety of friends, that a number of physicians are simultaneously sent for. Under these circumstances, courtesy should assign the patient to the first who arrives, who should select from those present any additional assistance that he may deem necessary. In all such cases, however, the practitioner who officiates should request the family physician, if there be one, to be called, and, unless his further assistance be requested, should resign the case to the latter on his arrival.

Sec. 7. When a physician is called to the patient of another practitioner in consequence of the sickness or absence of the latter, he ought, on the return or recovery of the regular attendant, and with the consent of the patient, to surrender the case.

(The expression "patient of another practitioner" is understood to mean a patient who may have been under the charge

of another practitioner at the time of the attack of sickness, or departure from home of the latter, or who may have called for his attendance during his absence or sickness, or in any other manner given it to be understood that he regarded the said physician as his regular medical attendant.)

Art. VII.—Duties of the Profession to the Public.

SEC. 2. Medical men should also be always ready, when called on by the legally constituted authorities, to enlighten coroners' inquests and courts of justice on subjects strictly medical—such as involve questions relating to sanity, legitimacy, murder by poison or other violent means, and in regard to various other subjects embraced in the science of medical jurisprudence. But in these cases, and especially where they are required to make *post mortem* examination, it is just, in consequence of the time, labor, and skill required, and the responsibility and risk they incur, that the public should award them a proper honorarium.

CODE OF ETHICS OF THE AMERICAN INSTITUTE OF HOMOEOPATHY.

The Committee appointed by the American Institute of Homœopathy at its 46th session, Chicago, 1893, to prepare a Code of Medical Ethics, made the following statement on the completion of their labors and presentation of the Code prepared by them, which was adopted: "Considering it to be very desirable that the Code of Ethics adopted by the various associations of the Physicians of our country should be uniform in scope and arrangement, and as nearly identical in language as possible, the Committee have used the arrangement, and, to a great extent, the language of the Code adopted by the American Medical Association, modifying it where changes seemed to be demanded by a proper regard for liberality and for justice, both to patient and physician, or by a due concern for the freedom of medical education, opinion and action."

CODE OF ETHICS OF THE NATIONAL ECLECTIC MEDICAL ASSOCIATION.

SECTION. 1. The members of this Association shall exercise toward each other, toward all physicians—eclectics especially—and toward all mankind, that courtesy and just dealing to which every one in his legitimate sphere is entitled, and any departure therefrom shall be deemed unprofessional, undignified, and unworthy the honorable practitioner of an honorable profession. It shall be regarded as unbecoming to engage in any form of practice, or of advertising, which shall tend to lower the physician in the esteem of the community, or to reflect discredit upon his professional associates.

SEC. 2. While it is the undoubted right of every physician to present himself before the public in an honorable manner, and to state that he makes a specialty of any particular disease, no member of this Association shall advertise himself by handbills, circulars, publication of certificates of cures, or any such means; or associate himself in business professionally with any one so doing; nor advertise himself as belonging to this Association, or any other auxilliary medical society, or any medical college. Any member knowing of any violation of this provision by members of this Association, or of any person not a member of this Association, or any auxiliary medical society, advertising himself as such, shall inform the Executive Committee of the matter, with all the facts in his possession; and it shall be the duty of the Executive Committee thereupon to publish the facts in some public journal circulating in the region where such offense has been committed.

Discipline of Members.

SECTION 1. Any member may be officially censured, invited to withdraw, or expelled from membership for improper conduct, or a violation of professional comity. But it shall be necessary for a specific charge to be made in writing, and a copy to be presented to the person accused, or some person acting in his behalf, and another placed in the hands of the president or secretary one month before the time of holding a regular meeting.

SEC. 2. All professors or officers of colleges voting and otherwise co-operating in the conferring of the degree of Doctor of Medicine on any person not duly entitled to the same, by the necessary attendance on medical lectures and through examination, shall be considered as liable to the penalties enumerated in this article.

CODE OF DENTAL ETHICS.

Adopted at the Sixth Annual Session of the American Dental Association.

Article I.—The Duties of the Profession to their Patients.

SECTION 1. The dentist should be ever ready to respond to the wants of his patrons, and should fully recognize the obligations involved in the discharge of his duties towards them. As they are in most cases unable to correctly estimate the character of his operations, his own sense of right must guarantee faithfulness in their performance. His manner should be firm, yet kind and sympathizing, so as to gain the respect and confidence of his patients; and even the simplest case committed to his care should receive that attention which is due to operations performed on living, sensitive tissue.

SEC. 2. It is not to be expected that the patient will possess a very extended or a very accurate knowledge of professional matters. The dentist should make due allowance for this, patiently explaining many things which may seem quite clear to himself, thus endeavoring to educate the public mind so that it will properly appreciate the beneficent efforts of our profession. He should encourage no false hopes by promising success, when, in the nature of the case, there is uncertainty.

SEC. 3. The dentist should be temperate in all things, keeping both mind and body in the best possible health, that his patients may have the benefit of that clearness of judgment and skill which is their right.

Art. II.—Maintaining Professional Character.

SECTION 1. A member of the dental profession is bound to maintain its honor, and to labor earnestly to extend its sphere of usefulness. He should avoid everything in language and conduct calculated to dishonor his profession, and should ever manifest a due respect for his brethren.

Sec. 2. The person and office arrangements of the dentist should indicate that he is a gentleman; and he should sustain a high-toned moral character.

Sec. 3. It is unprofessional to resort to public advertiements, cards, handbills, posters or signs, calling attention to peculiar styles of work, lowness of prices, special modes of

operating; or to claim superiority over neighboring practitioners; to publish reports of cases or certificates in the public prints; to go from house to house to solicit or perform operations; to circulate or recommend nostrums; or perform any other similar acts.

Sec. 4. When consulted by the patient of another practitioner, the dentist should guard against inquiries or hints disparaging to the family dentist, or calculated to weaken the patient's confidence in him; and if the interests of the patient will not be endangered thereby, the case should be temporarily treated, and referred back to the family dentist.

Sec. 5. When general rules shall have been adopted by members of the profession practicing in the same localities in relation to fees, it is unprofessional and dishonorable to depart from those rules, except when variations of circumstances require it. And it is ever to be regarded as unprofessional to warrant operations or work as an inducement to patronage.

Art. III.—The Relative Duties of Dentists and Physicians.

Dental surgery is a specialty in medical science. Physicians and dentists should both bear this in mind. The dentist is professionally limited to diseases of the dental organs and mouth. With these he should be more familiar than the general practitioner is expected to be; and while he recognizes the superiority of the physician in regard to the diseases of the general system, the latter is under equal obligations to respect his higher attainments in his specialty. When this principle governs, there can be no conflict or even diversity of professional interests.

Art. IV. — The Mutual Duties of the Profession and the Public.

Dentists are frequent witnesses, and, at the same time, the best judges of the impositions perpetrated by quacks, and it is their duty to enlighten and warn the public in regard to them. The public has no right to tax the time and talents of the profession in examinations, prescriptions, or in any way without proper remuneration.

REQUIREMENTS FOR EXAMINATION

STATE BOARD OF PHARMACY.

PHARMACISTS.

A person must be at least twenty-one years of age, and possessed of not less than four years' experience in the practice of pharmacy.

A person holding a diploma from a school of pharmacy which is recognized by this board as in good standing will receive credit on the four years requirement for the time spent in such school of pharmacy, but not for a longer period than two years. *Undergraduates cannot obtain credit for school work on the pharmacist's requirement.* In order to receive credit for school work the diploma must be presented or a certificate from the head of the school as to the date of graduation.

In order to receive credit for experience in a pharmacy or drug store an affidavit from the employer must be filed with the application. Blanks for this purpose will be furnished on request.

ASSISTANT PHARMACISTS.

A person must be at least eighteen years of age, and possessed of not less than two years' experience in the practice of pharmacy.

A person who has been under instruction in a school of pharmacy, in good standing as determined by this board, will receive credit for time spent in such school on the two years' requirement, but not for a longer period than one and a half years.

An affidavit from employer must be filed with the application as to the length of time spent in any pharmacy or drug store.

In applying for application blanks state for which grade you wish to be examined. *All applications must be filed with the secretary at least three days in advance of any examination. In no case will applications be accepted for examination on the day which the examination is held.*

The examination fee is five dollars for pharmacist and three dollars for assistant pharmacist. If an applicant passes a satisfactory examination, he is sent a certificate of registration without notice and without additional charge. If he fails, he receives a notice to that effect and is entitled to one additional examination within one year without the payment of a second fee. For a second examination a new application must be filed.

A person whose standing will not entitle him to registration as pharmacist may receive a certificate as an assistant pharmacist provided his grades are not below 55% on general average. Applicants have the option of declining this proposition; if accepted, a second examination cannot be taken except upon payment of the fee as required in first examinations.

All applications must be made under oath before a qualified officer residing in the State of Ohio. The law makes it a felony for any person to make a false statement under oath for the purpose of securing registration for himself or for another person. Certificates of registration obtained by fraud or upon false representations may be revoked by the board.

The secretary cannot furnish any person his grades on examination except when directed by vote of the board of pharmacy.

Examinations begin about 8:30 A. M., and continue through the day.

They usually embrace the following subjects: Pharmacy, Chemistry, Materia Medica, Toxicology and Posology, Prescriptions and Identification of Specimens of Drugs, Chemicals, Etc.

The next examination will be held in Columbus, on Tuesday, May 9th, 1899.

By Order of the Board of Pharmacy,

Columbus, Ohio. W. R. OGIER, Secretary.

IMPORTANT TO APPLICANTS FOR EXAMINATION.

Hereafter the number of persons examined in one day will be limited to *Seventy-Five.* The applications received up to this number will be examined on the first day of each Board meeting held for examinations, and all over this number will be examined on the following day.

In order that any person may know the day on which he is to appear, his application should be sent to the Secretary of the Board in time to receive by return mail a notice of the day his examination will take place, otherwise he may lose valuable time and incur needless expense.

It is therefore urged that all applications for examination be mailed to the Secretary at least one week in advance of a meeting of the Board announced for examinations.

In no case will an application for examination be accepted on either the first or second days of any meeting of the Board.

Applicants entitled to a second examination within one year from the first must file new applications, but affidavits as to experience, or certificates of attendance upon, or graduation from a school or college of pharmacy, which have been filed with the first application, need not be duplicated with the second.

The next meeting of the Board for examinations will be held in Columbus, on Tuesday, May 9, and Wednesday, May 10, 1899, at 335½ South High St.

File your application one week in advance of the above dates.

By order of The Ohio Board of Pharmacy, W. R. Ogier, Secretary, Columbus, Ohio, Jan. 13, 1899.

CORONER. — The Coroner holds his office by virtue of election by the people of the County.

It is the duty of the Coroner to investigate the cause of the death of any person who dies suddenly or about whose death there is any suspicion.

It is the duty of the Coroner to investigate every case reported to him; to summon a jury and hold an inquest upon the remains of a deceased person if there is any doubt as to the cause of such death; to render a verdict fixing the responsibility for such death; to bind over to the Grand Jury the party or parties accused; and to assist the Prosecuting Attorney in the conduct of the case by giving evidence, or such other help as may be in his power to render.

If, in the inquest upon the remains of a deceased person, no definite clue can be found as to the cause of death, or the party or parties responsible for such death, the Coroner must render a verdict accordingly.

The Coroner supersedes in authority the attending physician or surgeon in the investigation into the cause of the death of any person, where there is a reasonable doubt or suspicion.

It is the duty of every physician or surgeon to report to the Coroner all cases of death that come under his notice which in any way seem doubtful or suspicious.

The District Physicians shall give free attendance, both medical and surgical, to all destitute poor in their several districts. * * * * They shall keep office hours daily, except Sundays,in such number and at such places as the Director of Police shall * * * * appoint, and they shall vaccinate all persons in their respective districts who shall call upon them at their offices who are unable to pay for the same. * * * * They shall report to the director of police as often as he shall require, the number of cases treated by them in their districts. * * * *

SEC. 441. Any person who shall fail or refuse to comply with any order or notice given to such person by the Director

of Police or Health Officer * * * * shall be deemed to be guilty of a misdemeanor, and, on conviction thereof, shall be fined not more than fifty dollars.

SUBDIVISION I.

BIRTHS, DEATHS AND BURIALS.

SEC. 442. Every practicing physician and every practitioner of midwifery * * * * shall report his, her or their names, places of residence to the Health Officer, and it shall be the duty of the Health Officer to have the same properly registered * * * * in suitable books to be furnished by the city. In the event of any of the said persons above specified, removing to any other place of residence, it shall be their duty to notify the Health Officer of the fact within thirty (30) days after such removal. * * * *

SEC. 443. Every physician or person practicing midwifery in the city, under whose charge a birth shall hereafter take place, shall keep a true and exact register of such births, and shall enter the same on a blank schedule to be furnished by the Health Officer, which schedule shall contain a list of the births which shall have occurred under his or her care during the month * * * * and said schedule shall be duly signed by the practitioner in the form of a certificate, at the end of each and every month or within ten (10) days thereafter to the Health Officer. * * * *

SEC. 444. Whenever any person shall die in the city, it shall be the duty of the head of the family or some representative thereof, to furnish to the physician or surgeon who attended him during such illness, and of the Coroner (when the case comes under his notice), a statement setting forth * * * * the full name, occupation, sex, color, age, condition (whether married, single, widow or widower) of the dead person, the date of death, the duration of last illness, and it shall be the duty of the attending physician or surgeon to furnish a certificate to said head of the family or representative thereof, containing the foregoing information, together with causes of death * * and said head of family or representative thereof shall present the same to the undertaker * * * * who shall deposit such certificate * * * * at the Health Office of said city. * * * *

SEC. 445. It shall be the duty of every physician, surgeon, or other attendant at the time of the death of any person, to report to the office of the Health Officer the date of death, name of the deceased, age, sex, color, residence, and cause of

death, both primary and secondary, within twenty-four (24) hours thereafter, and upon blanks furnished by the Health Officer. And in case a person shall die without the attendance of a physician * * * * it shall be the duty of the District Physician in whose district such death occurred to investigate the cause and circumstances of the same, and to make and sign the certificate required, and if not satisfied as to the cause and circumstances of such death, said physician shall report to the Health Officer, who shall refer the case to the Coroner of the county to make investigation and report.

SEC. 451. The registry of births and deaths shall be kept in separate books * * * * and shall at reasonable times be open to the examination of persons interested therein. The Health Officer shall be entitled to receive one (1) dollar for granting each certificate or certified copy of the record of any birth or death * * * * but the said registers shall at all reasonable times be accessible to interested persons without charge.

SEC. 456. Whoever violates any of the provisions of this subdivision shall, on conviction thereof, be fined not less than five dollars nor more than fifty dollars.

SUBDIVISION III.

CONTAGIOUS DISEASES.

SEC. 459. All school trustees, school teachers, school directors, or others having authority in or control of schools, are hereby forbidden to receive into or allow to attend any school, public or private, any pupil not vaccinated within the preceding five (5) years or not having had the smallpox or varioloid.

SEC. 460. Every pupil entering a school shall bring a certificate from a physician stating that he or she has been vaccinated within the preceding five years, or has had the smallpox or varioloid.

SEC. 461. Whenever the condition of any person sick with the smallpox, or other dangerous, contagious, infectious or pestilential disease is such as not to admit a removal to the city hospital or smallpox hospital, or if from any other cause the Director of Police shall determine not to remove any person so sick, then the house or place wherein such person is kept, shall be considered as a hospital * * * * subject to such regulations as he may prescribe.

SEC. 463. It shall be * * * * the duty of every physician, surgeon, midwife or other person attendant upon a case

of smallpox * * * or any dangerous, contagious or infectious disease and every householder, tenant or agent in whose house a case of disease occurs, to report every such case to the office of the Health Officer within twenty-four hours after first knowledge of the same, giving the number of the house, the street * * * * and the name of the occupant * * * *

SEC. 464. The Director of Police shall, when it is deemed inexpedient to send persons suffering with the smallpox or cholera to the City Hospital or Smallpox Hospital, require all such persons to be kept closely confined within their respective dwellings * * * * and shall cause a yellow flag, or suitable notice, with the name and character of the disease printed in large letters thereon, to be hung or posted up in the most conspicuous place on the front of such dwelling * * * * *

SEC. 466. When any person shall have died of small pox, the corpse shall be buried within thirty-six hours after death, and shall not be removed * * * * from the building where such person shall have died until removed for burial * * * * without being taken into any church or other building.

SEC. 469. No child shall be suffered to attain the age of one year without having been vaccinated.

SEC. 476. Any person violating any of the provisions of this subdivision shall, on conviction thereof, be fined in any sum not exceeding fifty dollars or imprisoned not less than ten nor more than thirty days, or both, at the discretion of the court.

From President's Report, 1898.

"Rainbow Cottage occupies a unique position among the many charities in Cleveland. It does its own work in its own way, and fills what would otherwise be an empty place.

In almost all large cities the hospitals have their convalescent homes where they can, with safety from all neglect or careless treatment, send patients who should leave the hospitals, either for the change, or for the fresh air, or as a bridge connecting two hospital periods. Cleveland hospitals have no such place under their immediate direction. Therefore many a child is sent by them to Rainbow Cottage, where the same doctors carry on their work, and a most efficient matron obeys their orders. * * * * A great many children, before some critical operation, need building up and preparation for the hospitals. Rainbow Cottage doors are always open to such.

Many children after serious illness would die if there were no place for them to be taken during convalescence. Rainbow Cottage welcomes and restores them to perfect health, sometimes changing them even beyond recognition by the parent.

Rainbow Cottage is bound by few rules, therefore accomplishes much. The children are conscious of no rules, being governed entirely by love and kindness.

When incurable crippled children are brought to us we keep them long enough to give them good health, and then place them in homes that exist for that purpose. Bethany Home has taken several children for us.

Rainbow Cottage is as yet only a summer home. The demands upon it are of course much greater in summer, but some winters it is with many regrets that children are refused.

The Cottage has two summer holidays, Fourth of July, and a picnic, and two winter holidays, Thanksgiving and Christmas."

Committee meets at The Retreat the last Tuesday in the month, at 10 a. m.

An applicant is admitted to The Retreat with the understanding that she remain six months, as a shorter period of time would not enable the institution to carry out its reformatory principle. An admission fee of twenty dollars, with fifteen dollars additional for hospital service is charged. Special arrangements are made with applicants unable to pay this sum, and, also, with those coming from other places.

Applications for admission may be made in person on Thursdays between the hours of three and five o'clock, or at any time by letter, addressed to the Matron.

METHODS OF INSTRUCTION.

DIDACTIC.

A certain amount of didactic teaching is given as a foundation for clinical illustration. Starting with anatomy and physiology as a basis, the student is conducted by a progressive course to a full appreciation of the kind of instruction he will meet with in the various clinics.

CLINICAL.

Students have opportunities to test their ability to make diagnoses and prescriptions, under the immediate guidance of a teacher, of such cases as they will be liable to encounter in their future practice. The adjustment of the chairs has been made with a view to give the most thorough training.

William F. Kuder, Ph. G., Professor of Materia Medica and Microscopy, Director of Microscopical Laboratory.

J. H. Beal, Sc. D., Ph. G., Scio, Ohio, Lecturer on Pharmacal Jurisprudence.

COURSE OF INSTRUCTION.

The course of study of this institution has been elaborated and it is the intention of the Trustees and Faculty to constantly keep in advance of the needs of the Pharmacist, so that the graduate of the School can feel at home in the front ranks of his peers at any and all times.

The Cleveland School of Pharmacy, being organized and chartered under the laws of the State of Ohio, confers the degree of *Pharmaceutical Chemist* upon all graduates of the School.

Three years attendance are required of every student; the various grades are designated as Freshman, Junior and Senior, and to pass from the lower to the next higher grade, a successful examination must be made.

To enter the School the student is required to have at least one or two years of High School or Academy instruction, but the *minimum requirement* is an education at least equal to that necessary to enter the Cleveland High Schools.

Each class has three sessions per week of three hours each; afternoons, two to five, and evenings, seven to ten. An attendance of at least seventy-five per cent. of all lectures and laboratory exercises is essential to enter examinations.

No charge is made for ordinary chemicals and use of apparatus in the various laboratories, but unusual breakage, wasteful use of drugs and chemicals, and damage to any school properties, must be additionally paid for.

Students must provide themselves with the necessary text-books, sponge, aprons, towels, note books, etc., and will be held responsible for the order and cleanliness of everything placed in their care.

The School has no rules of discipline, but a gentlemanly conduct and deportment in the full sense implied by the word "gentlemanly" is demanded of every student on penalty of expulsion.

While the Officers cannot agree to secure situations for students from out of the city, it will be their aim to assist them as much as possible, and a register is kept for this purpose.

METHODS OF INSTRUCTION.

The methods of instruction consist of lectures, recitations, demonstrations, clinics, and practical work in the chemical, physiological and bacteriological laboratories. Complete courses are given in the technic of operative and prosthetic dentistry, as well as in orthodontia and steel.

Clinical material is abundant and in great variety.

Anatomy, chemistry, physiology and histology are studied in the Medical College. With the general work in these subjects special instruction for dental students is interwoven.

During the hours for clinics the Professors in charge devote their whole time to the work of instruction. All practical work must be performed in the College, and every effort is made to prevent students from practicing dentistry illegally.

Regular attendance at all of the courses of instruction and clinics is required. No student excused from the technical or practical courses.

MEDICAL DISPENSARY.

This feature of the work has been added this year and is under the care of competent physicians, who hold themselves in readiness to answer calls among the poor and destitute and give them the needed care. Five hundred dollars is needed at once for this branch of the work in securing proper appliances and facilities for caring for the sick poor.

VISITING NURSES.

It is desired to put into the field at once, visiting nurses, who will visit the sick poor, clean, heal and cheer the inmates, and teach simple but vital lessons in hygiene and sanitation.

Hundreds of poor mothers and children are to-day in destitute circumstances who can be greatly relieved and benefitted by the visit of a tender-hearted nurse who will bring skill combined with Christian kindness. Those who engage in this work are willing to work for mere maintenance, receiving just enough to cover board, clothing, car fare and sanitary supplies. Four hundred dollars will support a visiting nurse in the field for one year.

PHYSICIANS' MUNICIPAL LEAGUE OF CLEVELAND.

Organized March 13, 1899.

The objects of the League are given in the following Preamble to the Constitution:

"We, members of the medical profession of the City of Cleveland, believing that municipal affairs have no proper or natural connection with State or National politics, and believing further that the duties of citizenship are higher and more binding than the claims of party, and that no political organization, while conducted in the interests of selfish and ambitious men as against the general welfare, can justly claim the support of good citizens; do organize ourselves into a permanent association for the following purposes:

To use our best endeavors to promote the election of honest and competent persons to office in the city government, and to secure the appointment to subordinate positions of those of like qualifications. To oppose, to the best of our ability, the use of official powers to advance personal as against municipal interests. In short, to do what we can to aid in securing to this city, clean, honest, broadminded and business-like administration of municipal affairs, regardless of the pretended interests of parties, factions, cliques or individuals.

And we hold that our attitude and action toward municipal government is in no wise inconsistent with membership in our respective political organizations for state and national purposes."

OFFICERS.

Dr. Wm. E. Wirt, President; Dr. J. C. Wood, First Vice-President; Dr. G. W. Stevenson, Second Vice-President; Dr.

J. E. Cook, Third Vice-President; Dr. Harlan Pomeroy, Fourth Vice-President; Dr. F. C. Taylor, Secretary; Dr. R. J. Wenner, Treasurer.

J. C. SCHNOTER'S

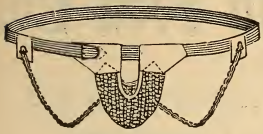

FIG. 3.

Army and Navy Suspensory.

Health is derived from the use of the J. C. Schnoter's Suspensory Bandages.— ***MEN WHO WEAR THEM.***

Professional Men, Bankers, Merchants, Business Men, Policemen Firemen, Letter Carriers, *Horse Back Riders*, Oarsmen, *Bicyclers*, Foot Ball Players, *Bowlers*, and all athletic people in general. The J. C. Schnoter's (Army and Navy) Suspensories are in constant use by Employees of the various Departments of the *United States Government.* U. S. Army and Navy; the Postal Department; the Police and Fire Departments; also by all Railroad Employees, etc., etc., throughout the country. Ask your Druggist for them, and if he has not your size in stock, send direct to us.

The *J. C. Schnoter Co.* are the largest Wholesale Manufacturers of *Knitted Suspensory Bandages* in the world. They are the Sole Manufacturers of the "*Original Schnoter's Suspensory Bandages*," which are the leading ones on the market—outranking all others.

These Bandages have been favorably known and endorsed by the Medical profession for the past 27 years as a sure preventive against *Varicocele* and *Rupture.* They are being recognized now as a part of a man's dress, and why not? They are solid comfort in themselves, always relieving one of that "tired-out feeling" after exercising. You can accomplish much more in warm weather and feel less fatigued.

Are you aware that inferior goods are being imposed upon unsuspecting people as the CELEBRATED SCHNOTER'S SUSPENSORIES? Now, we CAUTION you against buying any Suspensory Bandages except those bearing our name and the inventor's initials (*J. C.*) before the name of *Schnoter* on every box and bandage.

They are for sale by all the leading Wholesale and Retail Druggists throughout the United States and Canada.

MANUFACTURED SOLELY BY THE

J. C. SCHNOTER CO., New York. ESTABLISHED 1870.

X RAY DIAGNOSIS.

Skiascopy and Skiagraphs for the Profession, with Edison's Latest X Ray Apparatus.

Great as are the advances which have been made in diagnosis, there are many cases which can only be determined by the X RAYS. CONSUMPTION CAN BE DETECTED in its INCIPIENT STAGES LONG BEFORE IT IS OTHERWISE OBSERVABLE. In cases of Stone in the Gall and Bladder; of Diseases of the Bones and Heart, and of Foreign Substances in the Brain and Eye, the X Rays have been used successfully.

The ABILITY TO EXAMINE CAREFULLY malformations, to exactly localize bullets and other foreign bodies, to examine the progress of bone-grafting cases, to examine the setting of broken limbs without removing the splints, of watching the movement of foreign bodies swallowed by children, and of examining the roots of teeth, are only a few of the uses at present known.

DIRECTORY FOR NURSES,

Cleveland Medical Library Association.

586 PROSPECT, NR PERRY, TEL. MAIN 2601.

Mrs. S. M. Harding, Ass't. Librarian, in Charge.

A record is kept of the names and addresses, and the present and future engagements, of any nurses who have graduated from training schools, or are recommended by physicians in good standing.

Applications for registration and nurses are received between the hours of 10 and 12 a. m., 1 and 5 p. m., 7 and 9 p. m.

All engagements from any source must be reported on the day they are made. The name and address of the family, or person,engaging a nurse's services, and the date of termination of service must always be given.

Change of residence must be promptly reported, also sickness, or any cause preventing the acceptance of a place.

The Directory will not make or enforce any terms of employment for nurses. It only undertakes to send nurses as applicants for employment, allowing them to make their own terms. Before entering upon service in a case, nurses should make definite arrangements with their employers as to compensation, etc.

Employment cannot be guaranteed, as applicants for nurses usually make their own selection, being governed by the price, recommendations, etc. Where no choice is expressed, nurses will be assigned to cases in due order.

The Committee reserves the right to remove the name of any nurse from the Register at discretion.

Registration fee, $3.00.

COMMITTEE: Dr. H. H. Baxter, Dr. C. A. Hamann.

SUPERIOR (North Side)

NOTE:—The numbering of Superior street, from the Public Square to Erie street (in the very heart of the city), would hardly credit a country village. Odd and even numbers are to be found on both sides of the street, and regardless of location. In justice to the Officials of the City Engineering Department it must be stated that this state of affairs is not due to them, but to the senseless opposition of a few persons to re-numbering. We, accordingly, designate the sides of the street as North and South, instead of Odd and Even.

PAINLESS TOOTH EXTRACTING.

The Only Healthful Anæsthetic Devised.

G. H. HURD, 265 KENNARD ST., CLEVELAND, OHIO.

Also Inventor of Vitalized Air. No Pain or No Pay!

A Genuine Novelty for the Fountain and for Home Use

"The greatest chemists, including the immortal Liebig, who was a devotee of coffee, have for a century exhausted their skill in trying to produce a true extract of coffee, one which, diluted with water, hot or cold, would make a drink equal in every respect the infusion of the roasted bean. All their efforts were in vain, and it remained for an American, **Mr. L. Dreher,** a citizen of Cleveland, O., to discover the secret. Mr. Dreher has put his extract upon the market under the name of JAMORIO, which will make a liquid equal in every respect to a fresh infusion, and do it instantly"—*National Druggist, St. Louis, Mo., Aug., 1897.*
